

GastroLaryn[®] *Bambini*

Food supplement

150 ml bottle with
measuring spoon

GastroLaryn[®] Bambini is a food supplement containing **N-ACTIVEGERD[®]** (*Althaea officinalis* extract, apple extract and hyaluronic acid), calcium alginate and *Musa paradisiaca* juice. A unique formulation, specifically designed to contribute to the well-being of the child's gastroesophageal and pharyngolaryngeal mucosa, thanks to the synergy of its components: banana juice (*Musa paradisiaca*), which contributes to the control of the gastric acidity and to the digestive function, and *Althaea officinalis*, which carries out an emollient and soothing action on the digestive system.

DOSAGE AND INSTRUCTIONS FOR USE

For children up to 6 years of age: 5 ml (1 measuring spoonful) is recommended after meals or as required, according to doctor's advice.

Children over 6 years of age: 10 ml (2 measuring spoonfuls) is recommended after meals or as required, according to doctor's advice.

Shake well before use. GastroLaryn[®] Bambini features a childproof cap. To open the bottle for the first time, press the cap down while turning it anti-clockwise, to break the safety seal. Remove the cap and pour the recommended dose into the measuring spoon.

CHARACTERIZING INGREDIENTS

N-ACTIVEGERD[®]: *althaea* extract (*Althaea officinalis* L., root) tit. 30% mucilage, apple extract (*Malus domestica* Borkh., fruit skin) tit. 3.2% polyphenols, 50% fibre, 14% pectin, sodium hyaluronate; banana juice concentrate (*Musa paradisiaca* L.) (pro sp.), fruit); apple juice concentrate (*Malus Domestica* Borkh., fruit), calcium alginate.

For the complete list of the ingredients consult the external box.

WARNINGS

Food supplements should not be regarded as a replacement for a varied and balanced diet and a healthy lifestyle. Keep out of the reach of children under three years of age. Consult your doctor before giving the product to children under three years of age.

Do not exceed the recommended dose. Due to the presence of plant extracts, different batches of the product may vary slightly in colour, but this does not affect the quality of the finished product in any way. Do not use in case of known hypersensitivity to the ingredients of the product.

STORAGE CONDITIONS

Store in a cool and dry place, away from heat sources, at a temperature not exceeding 25°C. The expiry date refers to the product in unopened packaging and correctly stored. Once opened, the product should be consumed within 30 days.
